Aerovox Announces Expansion of HID Dry Capacitor Manufacturing
New state-of-the-art facility opens in India

New Bedford, MA (January 25, 2011) - Aerovox Corp. announces the expansion of its HID Dry capacitor manufacturing to a new, state-of-the-art facility in Hyderabad, India. In addition to its manufacturing in New Bedford, MA, Aerovox will now offer a complete line of HID Dry capacitors from India, manufactured to EIA-456 standards to support the high quality and reliability requirements of our customers.

“By expanding our manufacturing capability to India, Aerovox is positioned to effectively support our customers’ production requirements across global, multi-plant environments.” says Jim Faughnan, President and CEO.

Aerovox is a leading manufacturer of capacitors for industrial, medical and specialized applications, with world-class design, manufacturing and testing facilities in New Bedford, MA, Global manufacturing facilities in China and India to enable quick turn-around for shipping and delivery worldwide. Aerovox capacitors are among the world’s most reliable components. The company’s extensive custom design and development capabilities coupled with its broad, standardized product offerings allow it to provide intelligent capacitor solutions that meet or exceed customers’ application requirements.
